UNIVERSAL PAO LIFE TEST ISO 10

Product Description Universal PAO Life Test ISO 10 oil has outstanding oxidation and thermal stability, naturally high viscosity index and excellent low temperature pumpability and fluidity. The inherently high viscosity index of these oils provides higher viscosities and greater film thickness at higher temperatures.

Applications Universal PAO Life Test ISO 10 is blended to established viscosity specifications and can be used in a wide range of ambient operating conditions.

Benefits

- Excellent oxidation stability
- Resistance to system deposits
- High viscosity index
- Extended drain intervals

Specifications

Typical Property	ASTM Test Method	ISO 10
Viscosity cSt @ 40°C	D 445	10.00
Viscosity cSt @ 100°C	D 445	3.35
Viscosity Index (min.)	D 2270	115
Gravity, API	D 287	44.3
UO Item Number		16-40-01

Refer to Universal Oil's Material Safety Data Sheet (MSDS) 16-21-19 for additional information.
