## Gulf RUST PREVENT (RP) 6 Plus SOLVENT BASE RUST-PROOFING OIL

**Gulf Rust Prevent (RP) 6 Plus** is a premium quality rust preventive formulated to protect metal surfaces from rust and corrosion. It is formulated with a light-bodied, high flash solvent along with a highly effective rust inhibitor and saltwater displacing additives. **Gulf RP 6 Plus** is well suited for thin-film protection of finely finished parts between machining operations, including operations where water-soluble cutting and grinding fluids have been used. **Gulf RP 6 Plus** provides short term rust protection of metal parts during shipment and for temporary indoor storage under mild conditions.

### FEATURES AND BENEFITS:

- Mild odor
- Protection in salt atmospheres
- Excellent metal wetting properties
- High flash solvent promotes user safety
- Compatible with both ferrous and nonferrous metals

### APPLICATIONS:

**Gulf Rust Prevent (RP) 6 Plus** should be applied to clean surfaces to provide maximum protection. Apply product by brushing, spraying, or dipping. Complete coverage is essential. Dipping is the most effective method of application, in which case excess product should be allowed to drain off. This product is ideally suited for steel sheeting, bearings, and highly machined surfaces under relatively mild conditions of storage, shipment, or handling. It is best suited for indoor protection and will typically provide 12 months of protection.

### \*Typical Properties

Product Code	Test Method	335373
Film Type		Transparent, oily
Color, Light Amber	ASTM D1500	2.5
Specific Gravity @ 60°F	ASTM D287	0.825
Viscosity @ 40°C, cSt	ASTM D445	2.1
Flash Point, COC, °F	ASTM D92	160°F
Humidity Cabinet, 120°F	ASTM D1748	+1200 (hrs.)
Salt Spray Hours to Failure	ASTM B-117	>48 (hrs.)

*\*Typical test data are average values only. Minor variations which do not affect product performance are to be expected in normal manufacturing.*

**AVAILABILITY:** **Gulf Rust Prevent 6 Plus** is available throughout Gulf's marketing area. Your Gulf representative can provide specific information. Need additional information? Please visit [Nu-tierbrands.com](http://Nu-tierbrands.com)
