UNIVERSAL PENETRATING OIL

Product Description **Universal Penetrating Oil** is a solvent-based product that will provide good penetrating, rust protecting and lubricating qualities. It is intended for indoor storage conditions. The low viscosity of the product allows the film to penetrate into small crevices and threads.

Universal Penetrating Oil can be swabbed, brushed, rolled, dipped or sprayed on the parts.

Benefits

- Provides short term indoor rust protection on ferrous metals
- Non-Staining
- Water Displacing

Typical Specifications
