Product Information

ROSS DRAW 509

Product Description **Ross Draw 509** is a combination of specially refined, high-flash petroleum hydrocarbons, chlorinated additives, non-ionic emulsifiers and rust inhibitors. It is a heavy duty chlorinated compound intended for use on intricate heavy-duty drawing and blanking applications.

Applications **Ross Draw 509** can be used neat on severe intricate dies, diluted for less severe applications. The product is easily removed by conventional cleaning methods.
